# Thermo Scientific PrintMate ES Cassette Printing System

Meeting the needs of lean workflow and error reduction within your laboratory

Eliminate waste and streamline your labeling process by printing cassettes on-demand with the PrintMate ES cassette printer at the grossing station.

- **Prints standard cassettes and NEW Thermo Scientific SecureSette tissue cassettes**

- **Small footprint allows the printer to fit easily next to the grossing station**

- **Eliminate manual handwriting processes**

- **Print only the cassettes you need, right at the point of use**

- **Print barcodes on cassettes to automate downstream processes**

NEW INNOVATIVE TISSUE CASSETTE

Enable lean workflow and enhance patient safety with the NEW SecureSette™ tissue cassette

The SecureSette tissue cassette allows final tissue orientation during the gross dissection process

- Tissue sample remains oriented inside the cassette through embedding which improves sample chain of custody.

- The need for tissue orientation at embedding is eliminated enhancing workflow.

- Embedding time is reduced by 50%.
